FIN49 Adjournment for Public Participation

- To adjourn the meeting for 15 minutes to allow members of the public, 3 minutes each, to make representation on the business of the agenda for the meeting. No resolutions can made be under public participation.

There was a member of the public in attendance who wanted to address the Council on the budget and precept . He raised his concerns regarding how the Council has lost a lot of money on the leisure centre in the past and was supportive of it being passed to NEDCC to run. He asked why residents haven't seen the benefits from the savings made. The Clerk explained that the first thing the Council needed to do was to ensure that the reserves for the Council were at an adequate level. Cllr Clough explained to the resident the sliding support scale to the Leisure Centre over a 5 year period and that a greater reduction in precept couldn't be saved in the current year due to the CLOC building being returned to the Council which had no funding provision. The Clerk informed

the resident that the Council was doing its upmost to review current contracts and reduce costs wherever possible to reduce the burden on residents.

The resident also raised his concerns on the amount of money that the Council were planning to spend on the Parish Suite and thought that in the current climate they shouldn't be spending money on it as it is another millstone around the necks of residents. Cllr Clough responded by saying the Council had consulted with residents, who in the main where positive about the refurbishment if costs can be kept low. Cllr Clough explained that there would be no additional burden to residents as the budget already allowed for any loan repayment that may be needed but the Council would look at external funding wherever possible before applying for any loans.

Cllr Clough thanked the resident for attending and raising his queries.
